

Mrs Claire Adams

Claire Adams is an experienced nurse with a real passion for improving the care of people with respiratory disease. Claire has been working in a primary care setting for the past 19 years. She is the Regional Respiratory Clinical Lead for the North-East and North Cumbria Integrated Care Board (NENC-ICB).

She also has a role as the Respiratory Programme manager with Health Innovation North-East and North Cumbria (formally known as AHSN-NENC).

She has a long history of delivering Respiratory education (Spirometry, Asthma and COPD diploma modules and study days) both independently and with organisations including: 'Education for Health' (2008-2016); 'Rotherham Respiratory' (2016-2020) and Sunderland University where she wrote and delivered the Asthma/COPD modules for Postgraduate clinicians (2017-2019).
